

Volume 9, Number 43 — October 21, 2020

## Worth the Trip

Do not forget that a major, six-state association conference is coming up on November 18-19. The **Southwest Home Care & Hospice** conference is the product of the associations from Arizona, Colorado, Louisiana, New Mexico, Oklahoma, and Utah, and the Arizona Hospice and Palliative Care Organization. Scroll down for the details. Or click here: [hhau.org/event-3956737](https://hhau.org/event-3956737). This conference will be aimed at the need of medical and non-medical providers in these six states but I would bet, if you asked nicely, they would let you register from the other 44.

I will also be moderating an expert panel in another free webinar on November 12 for **Care Connect**. Scroll to the top of this page and click on their banner ad for the details about **"How Technology Enhances Homecare in an Increasingly Remote World."** You will be impressed with a lineup that includes Jim Rolla, SVP, VNSYN Partners in Care.
